June 23, 1975

Dr. Hugo Ferchau
Professor of Botany
Western State College
Gunnison, CO 81230

Dear Dr. Ferchau:

The Colorado Energy Research Institute invites you to participate in a workshop on "Energy Balances in Fossil Fuel Resources". CERI is currently conducting a study on this subject, and we are planning this workshop to explain our study and have a dialogue on it with outside parties who may be interested. We are about one-third of the way into the study; hence, we believe that we can have some meaningful exchanges of information and ideas.

The workshop will be held as follows:

DATE: July 17, 1975
PLACE: Ramada Inn, Smith Road at Dahlia Street, Denver
TIME: 9:30 a.m. to 3:30 p.m.
LUNCH: No-host lunch at the Ramada Inn (\$4 per person)

We are not sending out advance material but will use presentations on methodology, data and policy related issues to lay the foundation for discussion. A "press release" is enclosed to give you a brief introduction. The workshop will be kept to a maximum of 40 people, to foster participation by all attendees. The morning will be in plenary session; the afternoon session will have several small discussion groups.

If you are from outside of Denver and are staying overnight, and would like us to make reservations at the motel, please let us know. There are Ramada courtesy cars to and from the airport, which is about 2 miles from the motel. The motel phone number is 303-388-4051, if you wish to make your own reservations.

If you cannot attend but would like to have someone else from your organization at the workshop, we would welcome this. Please RSVP to CERI by July 10, 1975 by phone or mail.

We hope that you will be able to join us on July 17, 1975.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Albert G. Melcher', is written over the word 'Sincerely,'.

Albert G. Melcher
Deputy Director for Operations

CERI POLICY-RELATED RESEARCH MEETING
March 17, 1975

AGENDA

1. Announcements
Charge of Senate Bill 50
Letter of Invitation - Objectives of Meeting
Short and Long Term
CERI Framework
Interdisciplinary
Product Oriented
Decision Oriented
Handout List of CERI Research Topics
2. Self-Introduction of Participants
Pass out sign-up sheet
3. Procedures for Meeting
Announce Future Process/Schedule (item 6)
Work Sheets for handout and return schedule
Time limits on speakers
4. Status Report
Energy Task Force
Administration
Legislature Committees on Energy
5. Initial Research Topics - Identification
Each participant's suggestions - 1 or 2 topics
Short Discussions
Worksheet Handouts
6. Future Process/Schedule
Funding Limitations and Objectives
Review of Inputs from this meeting - CERI staff
analysis
grouping of topics
preliminary RFP's
Second meeting - "Ad Hoc" Group
Discuss Research Topics - RFP's
Appoint Small Review Committee
Establish Task Force for long range topics and liaison
7. Set Date for next meeting

*Research
Funding
Proposed*

Task Force

*Invited from
